ST MARY'S PARISH CHURCH PAYHEMBURY

Dear Friends,

I travel around the lanes a lot to and fro between my three parishes and the other day, as I was driving along, the shape of the landscape really struck me. We take so much for granted, the rolling hills, wooded valleys and lush green horizons. But what particularly struck me, as I was driving along a lane I don't usually travel on, was the actual contours of the land, the ups and down of the fields. One minute it looks like a flat field and then the field dips down to a small valley or just curves away into the distance. It set me thinking whether we really appreciate the environment in which we live. I know that I take for granted these rolling fields, the different shades and the changing colours.

We live in a part of the country which is beautiful; where our eyes can travel over so much of interest. We don't have large endless flat plains that stretch into the distances, but a patchwork of colour and shape.

As I mused on the countryside, it set me thinking about life itself; life is a patchwork of colour and shape, we have our ups and downs, we have changes of mood as we have changes of seasons, we are affected by the climate just as the land is. But there is a constant in all of this; we have God's love which was brought to us though the life and

death of Jesus Christ, which is a constant. That love never changes and is with us though all the ups and downs of life, as well as all the changing circumstances, whether we are aware of it or not.

The seasons are changing again; the lovely weather of late summer is drawing to an end, the evenings are closing in, the hours of light are shortened and reduces our time to admire our countryside, but we know that as the winter closes in, eventually spring will open out, bringing light, bright days. We have the hope of fresh beginnings once more.

That is, of course, the cycle of the natural life and also the cycle of our lives, if you like, it is the contours of our lives just like the contours of the countryside. Through all the changing contours of our lives God's love surrounds us and keeps us going; seasons change but His love doesn't and wherever the changes of our lives lead us and whether we feel we are in a dark season, there is always hope of the brightness of a changing season or something else over the hill.

Every blessing, Rev Cate

Payhembury Church Flowers

We are getting very short of people to do the flowers in the church. Would anyone interested in doing some flower arranging, please get in touch with Louise on 01404 841457 or Babs on 01404 841408. We are very grateful to the ladies who already do the flowers voluntarily.

Slade Barton swimming pool

We're now into autumn, so the pool will be closing on October 30th. Until then, the sessions are as follows:

Tuesday, 9am - 1pm: 'Quiet Swim' (18+)
Wednesday, 6.30pm - 9pm: 'Quiet Swim' (18+)
Thursday (term-time), 9am - 3pm: Parents and toddlers, 3.30 - 6.30pm: Parents and children

During school half-term there will be two family sessions: Monday 9am - 1pm and Thursday 9am - 1pm (a prompt 1pm finish please).

If you have any queries, please call Nicki Leach on 841408.

Help pets during firework season

Prepare and protect your pet from fireworks.

Most dogs and cats have a favourite place to go and hide, if not you need to create a hideaway where they can feel safe. A room that is quiet and has minimal windows is the most suitable. Installing an Adaptil or Feliway diffuser may encourage them to settle, feel relaxed and confident. This should be done 2 - 4 weeks prior to the expected stress. Provide blankets for him to hide under and burrow. Offer chews and treats, so that your pet sees this hiding place as a good place to go, and he can chew to relieve tension.

Take your dog out for a walk an hour before any planned fireworks, and feed him an early evening meal to help him feel relaxed. Close the curtains to block out flashes of light and as much of the sound as possible. Cats need to be confined to the house and provided with a litter tray.

If you're going out, play some background music that your dog normally hears (and doesn't object to!), or leave the television on.

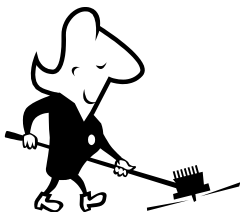

Ignore the sounds of the fireworks yourself and do not soothe or comfort your dog, as this gives him the impression that there is something to be frightened of and rewards him for being scared.

Small mammals like rabbits and guinea pigs that live outside should not be forgotten. If possible move them into a shed or outhouse. Covering the front of the hutch with a blanket can help cut out some of the noise and flashes of light.

If you require any more information about helping your pet, then just call and speak to either a vet or veterinary nurse who will be happy to help and may recommend medication. Old-fashioned sedatives have been replaced with modern anti anxiety drugs which help treat the problem, rather than just mask it.

Payhembury Parish Council

A few points of interest from the last Parish Council Meeting, held on 10th September 2014

The application for funding from the new 'pothole fund' for the **repair to Uggaton Cross has been refused**, based on county-wide priorities. The meeting confirmed that the badgers have now returned to the site and it was widely agreed that we have missed this year's window of opportunity for repairs to be done. Pressure should continue, aiming for work to be done early next year.

The clerk has written to the Chief Constable outlining the **dangers and concerns regarding the lack of a pavement**, and asking for support. We're now awaiting detailed information from DCC Highways, regarding specification for a pavement. Cllr Diviani agreed to continue to

push for funding for a pavement as a priority.

Cllr Disney updated the meeting that **sleepers are now in place restricting stones and water entering the road at Mousehole**. Cllr Fowler has emailed DCC Highways requesting a site visit during the dry weather to assess the damage. The meeting thanked Cllr Disney for his work on site at Mousehole.

The **telephone box has been temporarily removed** in order to re-decorate it. This will not affect its listed status, but it must be returned to the original spot once repainted. Consideration is being given to making the telephone box into an 'information box' or a library once it has been re-decorated.

For the full minutes, please see the noticeboard or www.payhembury.org.uk

Parish Coffee Morning

Very many thanks to Beryl and Fred for hosting the Coffee Morning in August. Such a shame that Alan and I were away on holiday so missed out once again. From what I hear it was a very happy and cosy morning for everyone with a most welcome log fire: which seems extraordinary now as we are enjoying an Indian summer!

Our next Coffee Morning will be held on 29th October (the fifth Wednesday), at Parkland, by kind invitation of Pat Le Page, at the usual time of 11am, where once again we can be assured of a warm welcome. For information about the Coffee Mornings, or if anyone would like a lift, please contact me on 841828. All contributions from the Coffee Mornings go to church funds.

You won't need any special equipment; just come along and have a go!

Cup of Tea and BINGO!!!

**Wednesday 8th October
In the Parish Hall from 2.15pm**

We are still hoping for more players... or else...! Sad to even think about it, but unless we get just three or four more folk to join us... We run it on a shoestring of self funding; the prizes aren't wonderful, but it is an enjoyable social couple of hours. Please think about it. At the most (if you don't win anything) it will only cost you £2 and for that you would get ten games of bingo, a cup of tea and a slice (or two) of homemade cake. In Dawlish I recently paid £2.25 for a cup of black coffee, no sugar!!! Ugh.

Look forward to seeing you on the 8th!

Nature Notes

Observations from September

Hello nature lovers!

Just a short note this month, as Margaret and I have been away on holiday for a week in September. Also, the lousy weather in August did not encourage much nature watching!

The birds have been very quiet, both before and after our holiday. They are still resting up after the breeding season, and their annual moult. However, there are still some swallows and martins about; I saw twenty or so down at Tuck Mill yesterday, September 15th. The young birds were sitting on the telephone wires, being fed by their parents. They will soon be off to Africa, when the days become cooler. We saw a lot in Europe, together with their larger relatives, the swifts, which were

screaming overhead. Amongst them were a few alpine swifts, which are white underneath and black on their backs and wings.

It's been a good year for butterflies. According to the results of the 'Big Butterfly Count', the most common butterfly seen in the UK is the peacock. There were certainly lots round here, but even more small tortoiseshells. Both species are lovely butterflies. There have not been as many whites this year.

The autumn is the time of much change in the bird world. We lose our summer visitors, but we gain lots

of birds from the north, places like Scandinavia and Russia, lots of wildfowl, waders, wild swans and geese, so there's lots to look forward to.

Alan Jones

A Big Thank You...

We are lucky enough to live in a village where everyone really is prepared to lend a hand, whether it's helping children with their reading or swimming, volunteering at the shop or getting involved with activities at the church.

One weekend in September (20th and 21st) was a particular hive of activity, with people mucking in to clear up Waterloo plot (including removing the red phone box to be spruced up), clean up the churchyard and install new play equipment for the school.

Soup Lunch

We are holding a soup lunch in the church on Monday 13th October from 12 noon to 2pm. Come and enjoy a cup of hot, homemade soup and rolls, coffee, tea and cake for £5. (And some jolly company!) Anyone needing a takeaway soup, please let us know beforehand on 841409, as this is a new service!

A Tale of Two Mice

Hi friends, look what we have been up to! Parchina and I love this time of year, we love collecting up all different colour leaves and making different things with them.

This year we have been making boats and when we find a puddle we have boat races. The other day I didn't notice that the lovely gold and red leaf I had chosen had a small hole in it. I bent my leaf into a good boat shape, I found a nice straight twig as an oar and was really pleased with it. Parchina had made one as well but it was much smaller than mine and a bit twisted, so I teased her and said she was a rotten boat builder. Well that got her a bit upset and off she marched.

I carried my leaf boat down to the stream as it was so good. I put the boat in the stream and jumped in and started to paddle across. Suddenly I felt my feet feeling wet and oh no! There was a rip in the bottom of my lovely leaf boat and I was sinking. Just then my friend the water vole popped up and swam across to me, I climbed onto his back and he took me back to dry land. (Actually he told me off for trying something so silly.) I thanked him and saw my lovely boat sink out of sight. Then I ran back to church. Parchina was waiting for me on the step. I said sorry to her for being nasty and teasing her and we went in search of some nice crumbs together. Well what an adventure!

I haven't even had time to tell you about the lovely wedding of Cat and Mark, who brought a dog with them! Or the christenings of Faith and Jazmine. All exciting and fun things that happened this month. Perhaps I should stick to where it's safe in future, squeaks Parchie and Parchina.

Clarets Corner

By our postie, Marty

The CLARETS are having a steady start to the season recently, with 0-0 draws against MANCHESTER UNITED and CRYSTAL PALACE. We should have won that game; their goalkeeper saved a penalty in the last few minutes.

It's a sign of autumn when you see the children and staff of the school back to normal, conkers on the ground and the nights pulling in, but we had a good September weather wise! See you around the village and UP THE CLARETS!!

Payhembury Weather

www.payhembury-weather.co.uk

Rainfall: August was unusually wet with twice the average rainfall. September so far has been almost completely dry for the first two weeks and for the UK it is the driest start to September since 1960.

Temperatures: August was relatively cool with the mean only just above the climatological average, the coolest month of the year relative to the norm. September, in contrast, to date has been very warm, up to 3 degC on average, giving us an Indian summer.

Weather elsewhere: According to US researchers, June 2014 broke a few records. It was the warmest month on record over land and ocean (16.2 degC) and also for the ocean alone (16.4 degC). Meanwhile, California's continuing drought is resulting in wildfires. In contrast, in central Pakistan, monsoon rains are resulting in severe flooding.

Budleigh Salterton Male Voice Choir and Exeter's River City Chorus

Saturday 4th October 2014, 7.30pm, Ottery St Mary Parish Church

A great evening's entertainment is in-store when the renowned Budleigh Salterton Male Voice Choir will lift their sixty or so voices to fill St Mary's Church in Ottery with Welsh hymns, spirituals, folk music, opera, acapella, popular songs and music from the shows.

Formed 40 years ago, they were joined last year by Musical Director Michael Graham. A scholar organist at Exeter Cathedral and Director of Chapel Music at Exeter University, Michael is a talented singer and dynamic young man who is inspiring the choir to new heights. A rich evening's entertainment is promised therefore ... but this is not all. The Exeter ladies' barbershop choir - River City Chorus - will be joining in the fun. Musical Director Carole Locke, whose acapella experience goes back more than 35 years, will be leading the choir in a range of upbeat, syncopated harmonies.

Funds raised from the choirs' generous staging of this charitable event will go to Ottery Help Scheme, which delivers valuable services to the people of the town and surrounding villages.

Admission is £8 on the door, or secure your place by picking a ticket up from Coleridge Medical Centre (01404 816700) or Ottery Tourist Information Centre, or call 01404 823784 / 01404 811161.

Killerton Cider and Apple Festival

Saturday 18th and Sunday 19th October

Feniton and Payhembury Mothers' Union

The September meeting was held on the 17th, at the home of our member, Joan Evans. Our Leader, Paula, extended a warm welcome to the 10 members present and our Speaker, Mrs. Ruth Ward. Apologies were received from two members, Megan and Dot.

Following our hymn and prayers, Paula gave notice of a proposed visit to the Holy Land. Information followed about the Wheels Appeal, promotion of the M.U. magazine Families First, M.U. notices and details of the recent Deanery Meeting. Members were reminded that Overseas Donations will be collected at next month's meeting. The Secretary will make arrangements for a Committee Meeting in the near future.

Our Leader introduced the Speaker, Ruth Ward, who gave us a very informative talk about 'The Challenge of Marriage'. Ruth is one of a team who offer Marriage Preparation to couples who are planning to get married in one of our 12 churches in the Mission Community. This session brings the course into the 21st century in a condensed form. It was both interesting and revealing to take part in a short survey which couples also complete. Ruth ended her talk with her thoughts on the 5 Languages of Love, which are: Word of Affection, Act of Service, Spending Quality Time Together, Receiving Gifts and Physical Touch. A warm vote of thanks was given by Paula and the afternoon ended with tea and lovely home-made cakes. Joan and her husband were thanked for their kind hospitality.

Our next meeting is on 15th October in the Parish Hall at Payhembury at 2.30pm, when the Speaker will be Jean Underdown and her subject is 'Visit to South Africa'.
