## ST MARY'S PARISH CHURCH PAYHEMBURY

Dear Friends,

By the time you read this I expect the turkey (or whatever is your fancy) has been well and truly digested, made in to curry, frozen or given to the dog! You may be fed up dusting around the cards and pinning back the decorations which keep falling down. But what of the Christmas message, have you got bored or irritated by it? Have you felt the true message of Christmas?

With the hustle and bustle of preparation it's easy to overlook the message, "For God so loved the world that he gave his one and only Son, that whoever believes in him shall not perish but have eternal life." John 6:13. God loved the world that he wanted to engage personally with it, he wanted us to build a real relationship with him. In order to do that he had to take human form as we human beings need something tangible. Of course humans come into life as a baby so that is what God needed to do and not to be born to the élite, but to be born in simplicity, because his message was simple,

his message was about love. There always seems to be a rush up to Christmas and then the tiredness and irritations set in and it's easy to forget about this gift from God, the gift of love. So as we move into

the New Year perhaps we should revisit that message and look at where and how we can share God's love in this coming year. Some ideas could be; how we can be better neighbours; becoming a flood warden perhaps; helping out at school; visiting the housebound, making up with those we have fallen out with or just sharing a smile more readily.

The message of Christmas is not inanimate, it's not a cold plastic doll, it's about a living, growing message. It's about God's love brought to each of us and remaining with us not just for the season but into eternity and that love grows as we share it.

Every blessing, *Rev Cate*

### COFFEE MORNING

Very many thanks to Margaret for her kind hospitality when she hosted the coffee morning on her own in November. We are most grateful to Alan for not wishing to inflict his germs on us and appreciate his self-banishment to this end ! Thankfully, I am assured that he is well recovered. Thanks, both.

The next Coffee Morning will be held on Wednesday, 23rd January at the usual time of 11a.m. when my Alan and I will be delighted to welcome you to our home, biricha', - three doors up from Polly Brook.

The P.C.C. are most grateful to our generous hosts and to those who support us as all contributions go to Church Funds.

If you would like more information about the coffee mornings, would be willing to host a coffee morning, or would like a lift, please give me a ring on 841828. We would love to see some new faces along with our usual friendly group, so please do come along for an informal get-together.

### **FENITON AND PAYHEMBURY MOTHERS' UNION**

Our meeting in November was cancelled due to the adverse weather conditions.

However, it was a lovely sunny afternoon, if rather chilly, when we got together for our Christmas meeting on 12th December, held as usual in the beautifully decorated Parish Hall. Mary Eveleigh welcomed

Audrey Hill, Lay Reader who led us in prayer; Babs Leach who once again came to play the piano for us, together with twelve members and four guests.

Following our Carols and Readings a festive tea provided by members was enjoyed by all. The raffle and bring and buy stall were well supported. Many thanks to all who contributed to make the afternoon such a success.

**OUR NEXT MEETING IS OUR A.G.M.  
WEDNESDAY 16TH JAN 2013 2.30p.m. at Feniton Church**

This will be combined with an informal members' meeting.

*HAPPY NEW YEAR TO ALL*

You may have noticed the sudden rush of nostalgia! Di Somers has lent me her wonderful collection of past Parish Papers and they are really interesting.

Since we have some spare space this month (as there usually is in January), below is a selection of extracts from the issue of January 1992—yes, 20 years ago! You will see **that many things don't change one little bit.**

Well done to those who now carry on with the good work, and thanks to the “quizzers” each month who test their knowledge in the pub and whose entry money AND winnings go to the playing fields committee!

Again the Parish Paper committee was as grateful as the present one is for donations from people in the village, helping to keep the paper going. If only printing was as cheap now!!

PLAYING FIELD ASSOCIATION

On Thursday January 16th, we are holding our AGM, 8pm in the Parish Hall.  
The present committee now has only seven members, six of whom have been on the committee for four years, and some feel it may be time to step down.  
The up keep of the field has been very hard this year, as it has been left to the same few people to cut the grass etc, so naturally moans have been heard.  
The committee has worked very hard raising funds, there is money in the bank, and new equipment in the field, but we know there are many improvements to be made.  
We urgently need more committee members and help before the field and equipment falls into serious decline.  
There are now more children in the village, many more toddlers and babies. Children play on the equipment while their parents play tennis.  
We want a good safe playing field with exciting equipment.  
So please STOP moaning about the playing field and do something about it, because its  
YOUR village  
YOUR playing field  
YOUR TURN.

FACTS & FIGURES ABOUT THE PARISH MAGAZINE

During the first 6 months of having our paper professionally printed, 44 of the 250 readers have contributed the most generous amount of £191. Income from advertising and £20 from the Village Outing Fund brings the total to £302. The printing costs came to £301. We are solvent, just. If the majority of the readers who have not contributed could see their way clear to give £1.20 each, this would cover the cost of the next 6 months. Gifts can be handed into the PO, to Mrs Whitaker Mrs Gina Cox, or cheques only into the box at the Church Gate.

Hello everyone

We have experienced some bright sunny days recently, and everything looks so much better in the sunshine, particularly the birds.

Walking up to Uggaton Cross, there were lots of fieldfares on the ground in the fields. Then, something spooked them, because they all flew up, chack-chacking away. You could see their lovely chestnut and grey colouring clearly.

On bright Winter days, the outlook from our bedroom window is interesting. On our feeders, we had goldfinches, blue and great tits, and house sparrows.

On the grass, underneath the feeders, picking up the seeds which have dropped, there were dunnocks, chaffinches, blackbirds and collared doves. In the field opposite, a magpie, jackdaws, crows and wood pigeons. In the orchard across the field hundreds of fieldfares and a solitary buzzard.

Verbena says she saw a small bird of prey, which might have been a merlin, with a baby rabbit. Ray saw a bird which, from his description, could have been a turtle

dove. (In the Winter?). Down at Tuck Mill, yesterday, a little egret was in the field by the river, his pure white body gleaming against the green grass.

Not such good news is that the squirrels have returned to our garden, but I am mean, because I've invested in new squirrel proof feeders---so they claim! By the way, the male pheasant seems to have adopted us, because he jumps up on to the window ledge, and taps the window for our attention.

What next!

## GARDENING WITH ANGUS

Once we have had enough of the Christmas tree ,we cut off the branches with lopper, secateurs or axe, and use the branches in the garden as an ideal ground cover to protect border-

line tender plants and ,or, their roots from the worst of the frost. The needles drop off eventually and in the spring the remaining twigs etc. make ideal plant supports . The trunk of course can be cut up and added to the log pile.

Time to start thinking of potatoes . As soon as available, buy ,or order ,at least a few tubers of the early varieties and set them to sprout in a cool but frost free place. I always take a big gamble and plant a few earlies long before recommended dates and cover with fleeces , even the Christmas tree branches are a help. The first growth does not come through until mid to late march, by which time the worst of frosts are over and the fleeces is more than enough to protect the young growth, even a little bit of frost scorch will do no great harm. This way one can start harvesting at the end of May, and then use the ground for another crop .... leeks for example.

It helps to put some cover over the soil early in January so the soil is in reasonable state. I often can plant in mid February.

I have finished making a new sizeable garden frame , I have always been fascinated by the various techniques used by horticulturists in past centuries to extend the seasons and make extra use of available space. I hope to elaborate on this in future months. Meanwhile Happy New Year !

The Clarets are not setting the world alight at the moment, we managed an away win at HULL CITY, but with draws against BARNESLEY, BLACKBURN (our bitter rivals!!) and WATFORD and a defeat away at NOTTINGHAM FOREST leaves us in the lower half of the league table (no worries).

I've had a bit of a challenge again with the rain and floods in the area during the last month but managed to get around with a few diversions. I hope you all had a nice Christmas.

# Payhembury Weather

## www.payhembury-weather.co.uk

**Rainfall:** After a relatively dry start the heavens opened on 21 and 24 November with record breaking daily totals over Payhembury. This resulted in the village being cut off for a short while on the morning of 21<sup>st</sup>. I recorded 39mm on 21<sup>st</sup> but I believe this was an underestimate as 60mm was reported at Dunkeswell. Some of the banks of the sunken Devon lanes are damaged. December has started with average rainfall but with so much water on the fields it doesn't take much rain to cause flooding.

**Temperatures:** November turned out slightly warmer than average but December has started cold with sub-zero temperatures at night causing the water still flowing on to roads to freeze and give picturesque air frosts. The second half of December is warmer making a white Christmas unlikely.

**Weather elsewhere:** Sunday 4<sup>th</sup> November saw snow in N. Somerset whereas here we just had heavy rain. Further afield a "super typhoon" hit the Philippines killing up to 475 people on 8<sup>th</sup> Dec. The unusual thing about typhoon Bopha was it formed so close to the equator at 7.4N. In the S. Pacific Tropical cyclone Evan is now lashing Samoa in the Pacific with waves of 10m and now heading to Fiji.

Hello friends, I hope you like this picture of Parchina, we took this over Christmas and she was using a holly leaf to protect her new Christmas jacket from the rain. I kept teasing her and saying she looked like Mother Christmas as her jacket is red with a white fur trim. She got very **cross with me for teasing her and said that wasn't the Christmas spirit. I suppose she was right, it's not very nice to tease people.**

We had a great Christmas and loved seeing all the children dressed up in their costumes for the nativities. The singing was lovely and the church looked really pretty. **WE mice do enjoy the decorations as well, we can eat the holly berries when it's wet so we don't have to** go outside. We also love the mince pie crumbs, but we wonder why does Farther Christmas get a whole one and we only get crumbs?

I hope everyone got all the presents that they wanted, we peeped out on Christmas Day and saw some of you bring them to church it all looked great fun.

**We do miss the children for a week or so when they are on holiday, so we'll be glad when they're back to school. No doubt the weather will be getting colder and we'll see some red noses and our little toes will get chilly. But** we have fun sliding on the ice. Well I must finish now and see how I can tease Parchina again- **oh no I mustn't do that.**

Squeaks for the New Years, Parchie and family.

## DO YOU VISIT EXMOUTH?

If you like to visit Exmouth and care about the proposed development of the seafront (including the sale and demolition of the Elizabeth Hall) there is a consultation underway, launched last week by the East Devon District Council. It is known as the 'Exmouth Splash' and is a proposed new leisure and recreation area on the seafront:
