

PARISH PAPER ANNUAL REPORT 2010

At its latest meeting, the Chairman asked whether someone else would take over this position, as it she was always rather busy at this time of the year when the meeting was held. Mary Whiting kindly agreed to become Chairman.

As usual, the committee would like to thank everyone who helps in the production and distribution of the parish paper and also Mike and Nikki in the Payhembury Shop for their continued support.

Finances continue to be a big worry, but despite agreeing to increase the number of pages which will cost £250 a year, the committee decided against charging for the magazine. There will be donation envelopes in the April issue and the committee would be grateful if people could consider what most villages charge for their parish paper and be generous with their donations.
